

# Goodbye Guesswork. Hello InPen.

The FDA-cleared smart insulin pen system for those who use mealtime insulin. InPen helps people living with diabetes, both Type 1 and Type 2, reach their goals.

The new InPen app enables patients and their healthcare team to progress into a more effective insulin regimen when needed.

## Discover the features of InPen

### Smart Dosing

Reduce stress of stacking insulin. Automatically calculates and records insulin doses in the app based on prescribed settings.

### Smart Reminders

Missed dose reminders for meal time, blood glucose check reminder, and basal insulin reminder to help keep patients on track.

### Smart Settings

Customized insulin settings based on prescribed parameters helping to optimize insulin therapy.

### Smart Reporting

Patient stats include glucose and insulin overviews, missed doses, daily charts, and dose calculator utilization, providing key therapy data for Healthcare Professionals.
